

BESSIEMORRIS

FOUNDATION

Leadership Academy

An after-school program focusing on:

- **building self-esteem**
- **college preparation**
- **financial planning**
- **wellness**

The program runs for eight weeks with one session per week. The program consists of workshops, guest speakers, field trips and character building exercises. Our hope is to empower young ladies to value themselves and teach them that they are truly destined for greatness in spite of their circumstances or surroundings.
